PRODUCT OVERVIEW

AKW Flat Coloured Tiles feature a durable, glazed ceramic surface which complements a wide range of bathroom interiors, with the coloured options incorporating a digitally-printed finish with a stone-effect design.

These tiles are ideal for use on bathroom walls in the showering and bathing area, or as a splashback behind a wash basin.

FEATURES & BENEFITS

+   Digitally-printed finish ensures a consistent finish on all tiles
+   Durable ceramic material provides longevity and peace of mind
+   Easy to cut and install
+   Ideal for domestic and commercial internal bathroom wall applications
+   Reverse edge of the tile is beige in colour to uphold the intensity of the glaze
+   Four stylish colours to choose from

TECHNICAL SPECIFICATION

+   Material: Ceramic
+   Thickness: 8mm
+   Please allow an additional 10% for tiles wastage / cutting
+   High grab tile adhesive required
+   **Maintenance Advice:** The use of incorrect cleaning products can have a detrimental effect on the longevity and appearance of the tile - under no circumstance should products which are designed to prevent limescale or contain acidic chemicals be used on the tiles; always use cleaners, adhesives and grouts that are suitable for the material of the tile
+   **Cutting Advice:** Ceramic tiles can be cut using a manual or electric tile cutter; wear safety goggles and gloves when cutting or handling tiles
+   **Not to be used** with Bond-It Non-Slip Ceramic Wall Tile Adhesive
