

Eagle Two Shower Tray

Product Overview

Bath replacement, cut to length, level access shower tray range using TRUESEAL2. Available in 745mm & 845mm widths.

Features & Benefits

- + A showering solution where a bathtub is no longer practical for users with mobility difficulties or requiring wheelchair access
- + Slip-resistant surface for an assured underfoot grip
- + Hot seam weld the vinyl sheet flooring directly onto the trays unique TRUESEAL2 floor edge profile, creating a perfectly secure watertight join
- + Requires the removal of ~14mm of flooring, (apart from the trap area where additional space is required)
- + Shower tray, enclosure & any ancillary equipment can be installed during one site visit, leaving the flooring to be fitted afterwards
- + With three tiling lips & a central waste position either end of the tray
- + Can be cut to determine the trays hand for easier installation
- + Cut to length from original length of 1850mm to fit exactly into the space left by a bath
- + End plate supplied to conceal the cut end when installed between three walls
- + Made from reinforced GRP (glass reinforced plastic) for durability
- + Compatible with a 90mm diameter waste
- + Weight Limit: 42 stone / 270kg
