

PRODUCT OVERVIEW

With a range of adjustable spray, temperature and dryer options, as well as intelligent care features, the AKW Bidet offers a cost-effective, easy-to-use and maintain solution, for those with a range of toileting needs.

WATER FEED OPTIONS

The AKW Bidet is mains water fed, with side and bottom-entry models available depending on your installation needs:

- + **Side-Entry Bidet** can be installed on most UK toilet pans and features an external side-entry water feed, allowing the bidet to be easily removed and/or reinstalled on another pan if required
- + **Bottom-Entry Bidet** is designed for use with select AKW Navlin and Navlin Doc M toilet pans, with the bottom-entry water feed concealed within the pan

AKW Side-Entry Bidet

SEAT OPTIONS

The AKW Bidet is available with a choice of two seats which can be easily removed, and used with/without the detachable lid:

- + **Ergonomic bidet seat** moulds to the natural contours of the body for optimum comfort and is designed for compatibility with most UK toilet pans, with a wide seat and standard-sized aperture
- + **Consilio bidet seat** benefits from a contemporary aesthetic designed to offer a clean, flush finish when paired with AKW Livenza Plus, Navlin and Navlin Doc M sanitaryware, and features a larger aperture

AKW Close-Coupled Bidet

WARRANTY & APPROVALS

- + Compliant with BS EN 60335-1
- + 2-year warranty (Up to 5 years with our extended warranty options)

FEATURES & BENEFITS

- + **Adjustable spray control** offers thorough cleaning where and how it is needed:
 - 5 rear wash positions
 - 5 feminine wash positions
 - 5 spray intensity settings (approx. 0.6-1L per minute)
 - 1-2 minute wash cycles
 - 4 spray modes: Steady, Pulsating, Oscillating, Pulsating & Oscillating
- + **Instantaneous 1750W water heater** offers a steady flow with no reheating period in between washes, and a choice of temperature settings:
 - 2-minute constant wash cycle
 - 1-minute gradual cooling wash cycle
 - 6-stage temperature control (approx. 31-39°C)
- + **Powerful 350W dryer** with settings that can be tailored to specific needs:
 - 3-minute standard drying cycle
 - 6 temperature settings (approx. 40-52°C)
 - 5 adjustable speed settings
- + **Remote control** provides users with full function control via a handheld, ergonomic remote, which is easy to use and supports carers with maximising user dignity
- + **Self-cleaning function** ensures the spray arm nozzle and surrounding area are hygienic:
 - Pre and post wash nozzle cleaning
 - Automatic water purge if not used for 72 hours
- + **Night light** helps those with visual impairment or dementia locate the toilet in the dark or dimly lit conditions, helping to alleviate the risk of confusion
- + **Quiet and efficient operation** promotes user dignity while providing a reliable experience:
 - Low noise heater, water pump and dryer motor
 - 4 spray modes: Steady, Pulsating, Oscillating, Pulsating & Oscillating
- + **Integral seat sensor** prevents accidental usage by ensuring activation only occurs when the seat is in use
- + **Lid and seat lift assist** with front moulded grips on the lid and contrasting side tabs for easy lifting, which are more hygienic and supports those with limited dexterity

FEATURES & BENEFITS (CONTINUED)

- + **Quick-release seat and lid** allows you to adapt the bidet for various care needs, and makes cleaning easier
- + **Soft-close seat and lid** is slower, quieter, and therefore safer for users, especially children
- + **Seat lugs** provide discreet stability when side transferring from a chair or commode
- + **Strong load limit** of 23.5st (150kg) ensures the bidet is suitable for a wide variety of users
- + **Two seat options with UK-sized apertures** allowing for compatibility with most common pans:
 - Ergonomic seat is shaped for maximum comfort with a wider seat
 - Consilio seat features a larger aperture ideal for care environments
- + **Quick and easy for your plumber and/or electrician to install** with no specialist tools or prior training required
- + **Side or bottom-entry water supply** offers flexibility within a range of bathroom installations
- + **Easy to clean, user-friendly design**, which should require very little maintenance throughout the bidet's lifetime
- + **Low pressure mode** ensures the bidet continues working efficiently during periods of low pressure:
 - In standard mode 0.5 (dynamic) to 8 (static) bar of pressure is required to achieve a flow rate of 0.6 - 1L per minute; this water is instantaneously heated with no restart time required
 - Low pressure mode requires just 0.2 (dynamic) to 8 (static) bar to achieve a flow rate of 0.45 - 0.65L per minute, with a maximum of 25-second restart period
- + **Flexible warranty** for peace of mind:
 - 2-year warranty as standard
 - Up to 5-years cover available with our extended warranty options
- + **Sensor Operated Switch for AKW Bidet** allows people with limited dexterity to use select bidet functions by pressing the large button surface using a hand, fist, elbow, foot or arm, or by activating the hands-free sensor, available separately
